Summary

I am a senior Frontend Developer with a long experience working with Angular and RxJs. Additional, I have experience working with React.js, Sass, AWS Services and Azure. I delivered unique features in the past projects, improving user experience, contributing actively in meetings with suggestions and helping other colleagues, maintaining a good communication with the client. My past clients were large companies, in industries like banking, insurance, retail and e-commerce.

Experience

Application Engineer / Frontend Developer
Cognizant Softvision
Jan 2023 - Present (2 months)

Consultant / Frontend Developer
Deloitte Digital Romania
Oct 2021 - Dec 2022 (1 year 3 months)
